## *Publishing Peace.*

*G'day,*

Your behaviour is determined by what you believe. God's Peace is more than human peace. If you're out fighting devils, how can you believe with all integrity to truth that Jesus defeated satan on the cross at Calvary? That, the best thing about better is the freedom of choice that it brings lifting us up and out of the quagmire of only considering right from wrong and opening the door to the partitioning wall coming down and the blinding veil blinding us to Peace being taken away? Self-righteousness is the root of all violence and the beginning of all prejudice working its way out into all kinds of discriminatory actions. There is only one true Holy war, and that war is the war against war itself. Violence is a learned behaviour and can be un-learned. There is a way of Peace. The way of Peace we have not known says scripture and the result, domestic violence and relationship breakdown leading to homelessness is ever increasing. Peace expressed in the doing of Matty 7:12 is Jesus' solution to all of our violent behavioural problems, concerns and issues because it produces the spirit of Life, and not life unto death. Peace we have missed, and in turn, forgotten. For the way of Peace we have not known but thanks be to God we can now explore and learn from this the unraveling of the mystery of the ages that has kept us in the dark to our overcoming of violence and the ability for humanity to live in Peace together as One Harmoniously.

Two wrongs correct nothing. Forgiveness opens the door to Grace, and the tree of Life. Grace is caring for others the way we ourselves would want others to be treating and caring for us. When one is willing to understand, that when one is willing to learn, how not to become offended, and forgive more readily when we are (for offence will come), there becomes no offence. And where there is no offence then there is no sin. And where there is no sin, there is no war, and we are only left in Paradise/Peace. Endeavouring to keep the unity of the Spirit in the bond of Peace/Paradise. And that, that Spirit be the spirit of our better hope together, producing a truth that there is, and a faith enough for all to act, and act even more the Gracious and kind trusting God with all of our whole heart found in His Peace.

Violence is satanic. Peace is of God. Better is of truth, and caring and treating others the way we would want others evenly to be caring and treating us is His Righteousness manifest, the way of His Peace/Paradise not war. You've read the Book. Time and time again have we, humanity promised God not to forsake the Name of His Kingdom, nor, His Royal Law. Time and time again we failed. And I ask you now, please can you tell me the Name of Jesus' Kingdom and of His Royal Law? And even if God were to destroy 25-33% of the world, still they would not believe. For wouldn't it be hypocritical to claim a relationship with a kingdom you promote while never taking the time to discover the Name of that Kingdom merely cry the king's Name? But Lord I was... One might ask of the wellbeing of the relationship one might have with something unworthy of the importance and significance of a name and in turn the wellbeing of our Royal Relationship we have with The King yea?

The Old Testament was a cry from mankind to God for God to make mankind Holy by standard of rule, by obedience to code. God obliged and we failed, even bowed to religion more than to God. Forgiven, the New Testament is a call to all for Peace, and humanity is currently on the cusp of failing here as well. It's like happiness, while you're chasing it, you'll never be content. Therefore being content produces the happiness. So it is with holiness, while you're chasing you can never be. Forgiven, Peace produces the Holiness. Holiness is a by-product of Peace. Peace is obedience to caring for others the way you, yourself would want others to be caring of you, in all situations, circumstances, indeed, obedience in all things whatsoever. And this, being the very essence of community. Community is in the sharing of such a goodwill and empathy toward care of each other, more than control over each other. As all are forgiven, all can forgive, and all have access via the One Spirit of a better hope, for there is always better, even more excellent, amazing, leading us on unto contentment. Hallelujah.

Included in my prayers for you, encouragement, that you might to, valiantly, determine your will to release the Name of the Kingdom that you endeavour to build, belong, and being Ambassador for in faith and not fraud. For how can anyone do something in the name of Jesus' kingdom without knowing what the Name of His Kingdom is? Without Peace there is no storehouse, for where would you store the storehouse? The kingdom of Jesus Christ, the kingdom of God is within us, and Peace is the Name of that Kingdom Come, and has the capacity to make all things new again, as only the power of God could, with the renewing of our hearts and minds, that we would be born again of the Kingdom and may prove what is that good and acceptable and perfect, will of God, which is to say, Peace and the Governance thereof ever increasing, and it is the will of God performing it and performing it in us.

Thanks for the opportunity allowing me to participate in the difference that may come to our world with your small contribution of effort reading, considering and asking God about my piece I present to you today to inspire and to enthuse. Jesus is our Peace. We His grace in the doing of His Righteousness, in the doing of Matty 7:12 the ever growing yoke of Liberty and law of the Spirit of Life in Christ Jesus, the truth that sets us free from the law of sin and death. Hallelujah. Jesus was the Prince of Peace and Now He is God's King, King of Salem, which is to say, King of Peace inviting you to participate not only in Citizenship but Stewardship as well. Ask God to be your conscience and trust Him yea?

*Yours in Peace*

*Kind and warm regards*
